

TARGET MARKET ASSESSMENT OF THE NOTES DUE 18 JUNE 2026

Solely for the purposes of the product governance requirements set forth in Directive 2014/65/EU (as amended, “**MiFID II**”), the Joint Bookrunners (the “**Manufacturers**”) have made a target market assessment in respect of the Notes (ISIN: F14000507876), and have concluded that the target group for the Notes is:

Type of client: Clients that are eligible counterparties, professional clients and retail clients, each as defined in MiFID II.

Knowledge and experience: Clients that are (i) informed investors, having one or more of the following characteristics: (a) average knowledge of the relevant financial products (an informed investor can make an informed investment decision based on the offering documentation, together with knowledge and understanding of the specific risk factors/risks highlighted with them only), or (b) some financial industry experience, or (ii) advanced investors, having one, or more of the following characteristics: (x) good knowledge of the relevant financial products and transactions, or (y) financial industry experience or accompanied by professional investment advice or included in a discretionary portfolio service.

Financial situation with a focus on the ability to bear losses: Clients that have the ability to tie money up for 66 months and bear losses of up to 100 per cent. of the capital invested in the Notes.

Risk tolerance: Financial ability and willingness to put the entire capital invested at risk. Clients investing in the Notes are willing to take more risk than deposit savings and do not require a fully guaranteed income or return profile.

Investment objective: Clients whose investment objective is to generate growth of the invested capital and have a 66 months investment horizon.

Furthermore, the Manufacturers have made an assessment as to the negative target market and concluded that the negative target market for the Notes is clients that seek full capital protection or full repayment of the amount invested, are fully risk averse/have no risk tolerance or need a fully guaranteed income or fully predictable return profile.

The Manufacturers have made an assessment as to the distribution strategy for the Notes, and have concluded that (i) all channels for distribution to eligible counterparties and professional clients are appropriate; and (ii) the following channels for distribution of the Notes to retail clients are appropriate – investment advice, portfolio management, non-advised sales and pure execution services, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the Manufacturers’ target market assessment. However, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Manufacturers’ target market assessment) and determining appropriate distribution channels, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable.

Solely for the purposes of the product governance requirements set forth in UK MiFIR (as defined below), the Manufacturers have made a target market assessment in respect of the Notes, and have concluded that (i) the target group for the Notes is: only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (the “**UK MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**UK distributor**”) should take into consideration the Manufacturers’ target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Manufacturers’ target market assessment) and determining appropriate distribution channels.
